Dear Students and Parents,

Welcome to Williamstown Middle School! The fifth grade teachers have developed a list of general supplies so that each student can be prepared for his/her classes. They have developed a system of color coding notebooks, folders and binders. This technique helps the students stay organized throughout the school year. **In September, the teachers will go over any specific supplies that are required.**

- Please check with your child’s teacher before purchasing, they will let you know what is needed for each core.
- Label all supplies with student’s name in permanent marker.
- If you cannot find a binder in the assigned color purchase a white binder and placed colored construction paper in the front, back and side.
- Please remember to replenish supplies each marking period.

**General Supplies**
- Pencils
- Pencil Sharpener
